LEGENDS

1. To calculate the 80/20 Preference Point System, only responsive tenderers must be inserted in order of lowest to highest.
   Complete the cell Pt only. Pmin will default automatically and Ps will be calculated automatically as well.
2. To calculateB-BBEE Status Level for each tender, utilise B-BBEE Status Level Sheet attached. **NB: Preference points that may be allocated: Potential Maximum = 20**
3. Note: Tenderer's Names must be entered only once on this Schedule as it will automatically default on to the B-BBEE Status Level Schedule
4. The Points for B-BBEE Status Level will be automatically carried to this Schedule once the attached B-BBEE Status Level Schedule is completed.
5. The total number of points = The points scored for price of tender under consideration + B-BBEE Status Level.
6. The points scored by the highest tenderer as well as the name will be automatically reflected at the bottom of page and that is your tender to be recommended.
