 - c) no acceptable tenders are received.
 - d) there is a material irregularity in the tender process.
- F.1.5.2** The decision to cancel a tender must be published in the cidb website and in the government Tender Bulletin for the media in which the original tender invitation was advertised.
- F.1.5.3** An Organ of State may only with the prior approval of the relevant treasury cancel a tender invitation for the second time.

F.1.6 Procurement procedures**F.1.6.1 General**

Unless otherwise stated in the **tender data**, a contract will, subject to F.3.13, be concluded with the tenderer who in terms of F.3.11 is the highest ranked or the tenderer scoring the highest number of tender evaluation points, as relevant, based on the tender submissions that are received at the closing time for tenders.

F.1.6.2

F.1.6.2.1 Where the **tender data** requires that the competitive negotiation procedure is to be followed, tenderer's shall submit tender offers in response to the proposed contract in the first round of submissions. Notwithstanding the requirements of F.3.4, the employer shall announce only the names of the tenderer's who make a submission. The requirements of F.3.8 relating to the material deviations or qualifications which affect the competitive position of tenderer's shall not apply.

F.1.6.2.2 All responsive tenderer's, or not less than three responsive tenderer's that are highest ranked in terms of the evaluation criteria stated in the **tender data**, shall be invited in each round to enter into competitive negotiations, based on the principle of equal treatment and keeping confidential the proposed solutions and associated information. Notwithstanding the provisions of F.2.17, the employer may request that tenders be clarified, specified and fine-tuned in order to improve a tenderer's competitive position provided that such clarification, specification, fine-tuning or additional information does not alter any fundamental aspects of the offers or impose substantial new requirements which restrict or distort competition or have a discriminatory effect.

F.1.6.2.3 At the conclusion of each round of negotiations, tenderer's shall be invited by the employer to make a fresh tender offer, based on the same evaluation criteria, with or without adjusted weightings. Tenderer's shall be advised when they are to submit their best and final offer.

F.1.6.2.4 The contract shall be awarded in accordance with the provisions of F.3.11 and F.3.13 after tenderer's have been requested to submit their best and final offer.

F.1.6.3**F.1.6.3.1 Option 1**

Tenderer's shall in the first stage submit technical proposals and, if required, cost parameters around which a contract may be negotiated. The employer shall evaluate each responsive submission in terms of the method of evaluation stated in the **tender data**, and in the second stage negotiate a contract with the tenderer scoring the highest number of evaluation points and award the contract in terms of these conditions of tender.

F.1.6.3.2 Option 2

F.1.6.3.2.1 Tenderer's shall submit in the first stage only technical proposals. The employer shall invite all responsive tenderer's to submit tender offers in the second stage, following the issuing of procurement documents.

F.1.6.3.2.2 The employer shall evaluate tenders received during the second stage in terms of the method of evaluation stated in the **tender data**, and award the contract in terms of these conditions of tender.

F.2 Tenderer's obligations**F.2.1 Eligibility**

- F.2.1.1** Submit a tender offer only if the tenderer satisfies the criteria stated in the **tender data** and the tenderer,
- F.2.1.2** Notify the employer of any proposed material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used by the employer as the basis in a prior process to invite the tenderer to submit a tender offer and obtain the employer's written approval to do so prior to the closing time for tenders.

F.2.2 Cost of tendering

- F.2.2.1** Accept that, unless otherwise stated in the **tender data**, the employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer complies with requirements.
- F.2.2.2** The cost of the tender documents charged by the employer shall be limited to the actual cost incurred by the employer for printing the documents. F.2.6 Acknowledge addenda

Acknowledge receipt of addenda to the tender documents, which the employer may issue, and if necessary apply for an extension to the closing time stated in the **tender data**, in order to take the addenda into account.

F.2.7 Clarification meeting

Attend, where required, a clarification meeting at which tenderer's may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting(s) are stated in the **tender data**.

F.2.8 Seek clarification

Request clarification of the tender documents, if necessary, by notifying the employer at least five working days before the closing time stated in the **tender data**.

F.2.9 Insurance

Be aware that the extent of insurance to be provided by the employer (if any) may not be for the full cover required in terms of the conditions of contract identified in the **contract data**. The tenderer is advised to seek qualified advice regarding insurance.

F.2.10 Pricing the tender offer

- F.2.10.1** Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT)), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the **tender data**.
- F.2.10.2** Show VAT payable by the employer separately as an addition to the tendered total of the prices.

F.2.12 Alternative tender offers

F.2.12.1 Unless otherwise stated in the **tender data**, submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted as well as a schedule that compares the requirements of the tender documents with the alternative requirements that are proposed.

F.2.12.2 Accept that an alternative tender offer may be based only on the criteria stated in the **tender data** or criteria otherwise acceptable to the employer.

F.2.13 Submitting a tender offer

F.2.13.1 Submit one tender offer only, either as single tendering entity or as a member in a joint venture to provide the whole of the works, services or supply identified in the **contract data** and described in the **scope of works**, unless stated otherwise in the **tender data**.

F.2.13.2 Return all returnable documents to the employer after completing them in their entirety, either electronically (if they were issued in electronic format) or by writing legibly in non-erasable ink.

F.2.13.3 Submit the parts of the tender offer communicated on paper as an original plus the number of copies stated in the **tender data**, with an English translation of any documentation in a language other than English, and the parts communicated electronically in the same format as they were issued by the employer.

F.2.13.4 Sign the original and all copies of the tender offer where required in terms of the **tender data**. The employer will hold all authorized signatories liable on behalf of the tenderer. Signatories for tenderer's proposing to contract as joint ventures shall state which of the signatories is the lead partner whom the employer shall hold liable for the purpose of the tender offer.

F.2.13.5 Seal the original and each copy of the tender offer as separate packages marking the packages as "ORIGINAL" and "COPY". Each package shall state on the outside the employer's address and identification details stated in the **tender data**, as well as the tenderer's name and contact address.

F.2.13.6 Where a two-envelope system is required in terms of the **tender data**, place and seal the returnable

F.2.13.7 Seal the original tender offer and copy packages together in an outer package that states on the outside only the employer's address and identification details as stated in the **tender data**.

F.2.13.8 Accept that the employer will not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.

F.2.13.9 Accept that tender offers submitted by facsimile or e-mail will be rejected by the employer, unless stated otherwise in the **tender data**.

F.2.14 Information and data to be completed in all respects

Accept that tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the employer as non-responsive.

F.2.15 Closing time

F.2.15.1 Ensure that the employer receives the tender offer at the address specified in the **tender data** not later than the closing time stated in the tender data. Accept that proof of posting shall not be accepted as proof of delivery.

F.2.15.2 Accept that, if the employer extends the closing time stated in the **tender data** for any reason, the requirements of these conditions of tender apply equally to the extended deadline.

F.2.16 Tender offer validity

F.2.16.1 Hold the tender offer(s) valid for acceptance by the employer at any time during the validity period stated in the **tender data** after the closing time stated in the **tender data**.

F.2.16.2 If requested by the employer, consider extending the validity period stated in the **tender data** for an agreed additional period with or without any conditions attached to such extension.

F.2.16.3 Accept that a tender submission that has been submitted to the employer may only be withdrawn or substitutes by giving the employer's agent written notice before the closing time for tenders that a tender is to be withdrawn or substituted.

F.2.16.4 Where a tender submission is to be substituted, submit a substitute tender in accordance with the requirements of F.2.13 with the packages clearly marked as "SUBSTITUTE".

F.2.17 Clarification of tender offer after submission

Provide clarification of a tender offer in response to a request to do so from the employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of tenderer's or substance of the tender offer is sought, offered, or permitted.

Note: *Sub-clause F.2.17 does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the Employer elect to do so.*

F.2.18 Provide other material

F.2.18.1 Provide, on request by the employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the tender offer as non-responsive.

F.2.18.2 Dispose of samples of materials provided for evaluation by the employer, where required.

F.2.19 Inspections, tests and analysis

Provide access during working hours to premises for inspections, tests and analysis as provided for in the **tender data**.

If so instructed by the employer, return all retained tender documents within 28 days after the expiry of the validity period stated in the **tender data**.

F.2.23 Certificates

Include in the tender submission or provide the employer with any certificates as stated in the **tender data**.

F.3 The employer's undertakings

F.3.1 Respond to request from the tenderer

F.3.1.1 Unless otherwise stated in the **tender data**, respond to a request for clarification received up to five working days before the tender closing time stated in the **tender data** and notify all tenderer's who drew procurement documents.

F.3.1.2 Consider any request to make a material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used to prequalify a tenderer to submit a tender offer in terms of a previous procurement process and deny any such request if as a consequence:

- a) an individual firm, or a joint venture as a whole, or any individual member of the joint venture fails to meet any of the collective or individual qualifying requirements;
- b) the new partners to a joint venture were not prequalified in the first instance, either as individual firms
- c) in the opinion of the Employer, acceptance of the material change would compromise the outcome of the prequalification process.

F.3.2 Issue Addenda

If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date that tender documents are available until three days before the tender closing time stated in the **tender data**. If, as a result a tenderer applies for an extension to the closing time stated in the **tender data**, the Employer may grant such extension and, shall then notify all tenderer's who drew documents.

F.3.3 Return late tender offers

Return tender offers received after the closing time stated in the **tender data**, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.

F.3.4 Opening of tender submissions

F.3.4.1 Unless the two-envelope system is to be followed, open valid tender submissions in the presence of tenderer's agents who choose to attend at the time and place stated in the **tender data**. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened.

F.3.4.2 Announce at the opening held immediately after the opening of tender submissions, at a venue indicated in the **tender data**, the name of each tenderer whose tender offer is opened and, where applicable, the total of his prices, number of points claimed for its BBBEE status level and time for completion for the main tender offer only.

F.3.4.3 Make available the record outlined in F.3.4.2 to all interested persons upon request.

F.3.5 Two-envelope system

F.3.5.1 Where stated in the tender data that a two-envelope system is to be followed, open only the technical proposal of valid tenders in the presence of tenderer's agents who choose to attend at the time and place stated in the **tender data** and announce the name of each tenderer whose technical proposal is opened.

F.3.5.2 Evaluate the functionality (quality) of the technical proposals offered by tenderer's, then advise tenderer's who remain in contention for the award of the contract of the time and place when the financial proposals will be opened. Open only the financial proposals of tenderer's, who score in the functionality (quality) evaluation more than the minimum number of points for functionality (quality) stated in the **tender data**, and announce the score obtained for the technical proposals and the total price and any preferences claimed. Return unopened financial proposals to tenderer's whose technical proposals failed to achieve the minimum number of points for functionality (quality).

F.3.6 Non-disclosure

Not disclose to tenderer's, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

F.3.7 Grounds for rejection and disqualification

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

F.3.8 Test for responsiveness

F.3.8.1 Determine, after opening and before detailed evaluation, whether each tender offer properly received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

F.3.8.2 A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- b) significantly change the Employer's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderer's presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

F.3.9 Arithmetical errors, omissions and discrepancies

F.3.9.1 Check the highest ranked tender or tenderer with the highest number of tender evaluation points after the evaluation of tender offers in accordance with F.3.11 for:

- a) the gross misplacement of the decimal point in any unit rate;
- b) omissions made in completing the pricing schedule or bills of quantities; or

- c) arithmetic errors in:
 - i) line items totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or
 - ii) the summation of the prices.

F.3.9.2 The employer must correct the arithmetical errors in the following manner:

- a) Where there is a discrepancy between the amounts in words and amounts in figures, the amount in words shall govern.
- b) If bills of quantities or pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected.
- c) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of the arithmetical error in the manner described above.

F.3.10 Clarification of a tender offer

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

F.3.11 Evaluation of tender offers

Establishes procedures for the evaluation of tender offers using one of the following four methods, namely

Method 1: Financial offer

Method 2: Financial and quality

Method 3: Financial offer and preference

Method 4: Financial offer, quality and preference

This subclause contemplates that the tender data in the procurement documents for a particular procurement:

- a) identify the methods that should be used in the evaluation of tenders,
- b) establish the weighting between financial offer and preference, financial offer and quality, and financial offer, quality and preference, as relevant,
- c) describe the quality the preferences, establish the conditions associated with the granting of references and the precise manner in which preferences should be scored, and
- d) establish the quality criteria and subcriteria that should be evaluated and the precise manner in which quality should be scored.

Where submissions are based solely on quality, Method 2 should be used with the weighting between quality and financial offer being set at 1,0 and 0 respectively. The tender data should indicate that the price is negotiated with the highest ranking tenderer.

F.3.11.1 General

Appoint an evaluation panel to evaluate submissions. Ensure that not less than three persons evaluate quality in terms of clause 5.11.9 of SANS 10845 - Part 3 and as detailed in F3.11.9 Scoring Quality.

Reduce each responsive tender offer to a comparative offer and evaluate submissions using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the **tender data**.

F.3.11.1.1 The evaluation panel should

- a) determine whether or not tender offers were responsive to requirements established in the procurement documents,
- b) evaluate submissions strictly in accordance with the criteria and procedures established in the procurement documents,
- c) reduce tender to a comparative basis,

- d) determine whether or not there are any grounds for disqualification,
- e) determine the acceptability of preferred tenderers (legal compliance, capability, capacity and commercial risk),
- f) identify and evaluate commercial risks, and
- g) prepare a tender evaluation report or shortlist report, complete with recommendations, which clearly states the reasons for overlooking a tenderer or respondent.

Where quality is evaluated, three persons who are fully conversant with the technical aspects of the procurement Preferences evaluated on a competitive basis and quality criteria should be scored either collectively or independently by each member of the evaluation panel and averaged. The scores should be retained for auditing purposes.

F.3.11.1.2 Those engaged in the evaluation process should

- h) not foster the suspicion of any conflict between their official duty and their private interest,
- i) not give the impression to anyone whomsoever that they have been or might be influenced by a gift or consideration (including acceptance of hospitality) to show favour or disfavour to any person,
- j) deal with tenderers in an equitable and evenhanded manner at all times, and
- k) not use any confidential information obtained for personal gain and not discuss with, or disclose to, outsiders prices which have been tendered.

A comparative offer is defined as the tenderer's financial offer after all tendered parameters that can affect the value of the financial offer have been taken into consideration. Account should be taken of parameters such as unconditional discounts, operating or life-cycle costs, employer's risk, not firm prices, etc, when reducing offers to comparative offers.

Where the contract data provide for no changes in cost relating to the rise and fall of the cost of labour, materials, or other inputs to the work and tenderers are permitted to tender amounts with and without changes in costs, tender amounts should be reduced to firm prices for comparative purposes, i.e. to amounts before any changes in costs are made. Estimates of changes in costs might need to be made in order to reduce amounts to comparative prices. A discount which is dependent on the employer adhering to the contractual obligations, e.g. to pay on time, should be regarded as an unconditional discount.

F.3.11.1.3 Scoring Financial offers

Subclause F3.11.7 provides a range of Formulae to facilitate the scoring of financial offers, depending upon what the basis of the evaluation is. Formula 1 is applicable to situations where tenderers are invited to submit tenders for disposals or to tender a discount against a price list.

The offer receiving the highest number of points for price should be realistically priced. Unrealistic financial offers (e.g. offers where it is not economically possible to perform the contract at the price) distort the scoring of price.

A tendered sum can be regarded as being unduly low should it be considered to compromise the ability of a tenderer to complete the contract. A professional estimate or the average price tendered can be used as an indicator (benchmark of market prices) of this, but not as absolute criterion on which a tender offer is overlooked. Any decision reached in this regard should be established on a case-by-case basis (refer to SANS 10845 Part-1). An analysis of the fundamental components of a project, e.g. equipment, material, labour and supervision, might indicate that it is highly improbable that the work can be executed for the tendered amount. Alternatively, the tenderer might have to be called upon to demonstrate his ability to complete the contract for the sum tendered in terms of "Clarification of tender offer after submission".

F.3.11.1.4 Scoring quality

To ensure consistency in scoring, members of the evaluation panel should be provided with prompts for judgements or qualitative indicators (see table below) relating to all quality criteria and any subcriteria that are linked to a specific score (refer to Tables A3 and A4 of SANS 10845 Part -3). Such prompts should, wherever appropriate, be communicated to tenderers in procurement documents. The rating of submissions should be based on the information submitted, or where relevant, from interviews, and not on mere speculation or suspicion or the personal knowledge of a panel member.

Qualitative indicators or prompts for judgement used in the evaluation of quality (linear scale)

Score ^a	Qualitative indicator or prompt for judgement
0	Failed to address the question or issue

20	A detrimental response, answer, solution - limited or poor evidence of skill/experience, high risk that relevant skills are not available
40	Less than acceptable response, answer or solution - lacks convincing evidence of skill or experience, medium risk that relevant skills are not available.
60	Acceptable response, answer, solution to the particular aspect of the requirement - evidence given of skill or experience.
80	Above acceptable response, answer, or solution - demonstrates real understanding of requirement and evidence of ability to meet it.
100	Excellent response, answer or solution - gives real confidence that the supplier adds real value.
* The threshold score, below which tenderers are eliminated from further consideration, should be between 50% and 60%	

F.3.11.1.5 Commentary on Evaluation of tender offers

Requires that the tenderer with the highest number of tender evaluation points (or highest ranked tender if only price) If the tenderer is unable, unwilling, or fails to enter into a contract, the contract should be offered to the tenderer with The Department should exhaust all negotiations with the tenderer that submitted the highest ranked tender or with the tenderer with the highest number of tender evaluation points before commencing negotiations with the next highest tenderer, unless time constraints or the closeness of the tenders dictate otherwise.

F.3.11.2 Method 1: Financial Offer

In the case of a financial offer

- a) rank tender offers from the most favourable to the least favourable comparative offer, and
- b) recommend the highest ranked tenderer for the award of the contract, unless there are compelling and justifiable reasons not to do so.
Re-rank all tenderers should there be compelling and justifiable reasons not to recommend the tenderer with the highest ranked tender, and recommend the highest ranked tenderer, unless there are compelling and justifiable reasons not to do so, in which case the process set out in this subclause shall be repeated.

F.3.11.3 Method 2: Financial offer and quality

In the case of a financial offer and quality,

- a) score each tender in respect of the financial offer made and quality offered in accordance with provisions of items 5.11.7 and 5.11.9 (of SANS 10845 - Part 3 and as detailed in F.3.11.2 Scoring financial offer and Scoring Quality), rejecting all tender offers that fail to score the minimum number of points for quality stated in the tender data, if any,
- b) calculate the total number of tender evaluation points (T_{EV}) in accordance with the following

$$T_{EV} = N_{FO} + N_Q$$

where:

 N_{FO} is the number of tender evaluation points awarded for the financial offer made in accordance with SANS 10845- part 3-clause 5.11.7; N_Q is the number of tender evaluation points awarded for quality offered in accordance with SANS 10845- part 3-clause 5.11.9.

- c) rank tender offers from the highest number of tender evaluation points to the lowest, and
- d) recommend the tenderer with the highest number of tender evaluation points to the lowest, and Rescore and re-rank all tenderers should there be compelling and justifiable reasons not to recommend the tenderer with the highest number of tender evaluation point, and recommend the tenderer with the highest number of tender evaluation points, unless there are compelling and justifiable reasons not to do so, in which case the process set out in this subclause shall be repeated.

F.3.11.4 Method 3: Financial offer and preference

In the case of a financial offer and preference;

- a) Score each tender in respect of the financial offer made, the preference claimed, if any, and the quality offered in accordance with the provisions of ISO 10845-3:2011(E) 5.11.7 to 5.11.9, rejecting all tender offers that fail to score the minimum number of points for quality stated in the **tender data**, if any.
- b) Calculate the total number of tender evaluation points (T_{EV}) in accordance with the following formula, unless otherwise stated in the **tender data**:

$$T_{EV} = N_{FO} + N_p + N_Q$$

where: N_{FO} is the number of tender evaluation points awarded for the financial offer made in N_p is the number of tender evaluation points awarded for preferences claimed in accordance with ISO 10845-3:2011(E) 5.11.8. N_Q is the number of tender evaluation points awarded for quality offered in accordance with ISO 10845-3:2011(E) 5.11.9.

- c) Rank tender offers from the highest number of tender evaluation points to the lowest.
- d) Recommend tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.

Rescore and re-rank all tenderer's should there be compelling and justifiable reasons not to recommend the tenderer with the highest number of tender evaluation points, and recommend the tenderer with the highest number of tender evaluation points, unless there are compelling and justifiable reasons not to do so and the process set out in this sub clause is repeated.

F.3.11.5 Method 4: Financial offer, quality and preferences

In the case of a financial offer, quality and preferences:

- a) Score each tender in respect of the financial offer made, the preference claimed, if any, and the quality offered in accordance with the provisions of SANS 10845-part 3, clauses 5.11.7 to 5.11.9, rejecting all tender offers that fail to score the minimum number of points for quality stated in the **tender data**, if any.
- b) Calculate the total number of tender evaluation points (T_{EV}) in accordance with the following formula, unless otherwise stated in the **tender data**:

$$T_{EV} = N_{FO} + N_p + N_Q$$

where: N_{FO} is the number of tender evaluation points awarded for the financial offer made in

N_p is the number of tender evaluation points awarded for preferences claimed in accordance with SANS 10845-part 3, clause 5.11.8.

N_Q is the number of tender evaluation points awarded for quality offered in accordance with SANS 10845-part 3 clause 5.11.9.

- c) Rank tender offers from the highest number of tender evaluation points to the lowest, and
- d) Recommend tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.

Rescore and re-rank all tenderers should there be compelling and justifiable reasons not to recommend the tenderer with the highest number of tender evaluation points, and recommend the tenderer with the highest number of tender evaluation points, unless there are compelling and justifiable reasons not to do so and the process set out in this sub clause is repeated.

F.3.11.6 Decimal places

Score financial offers, preference and quality, as relevant, to two decimal places.

F.3.11.7 Scoring Financial offers

Score financial offer using the following formula:

$$N_{FO} = W_1 \times A$$

where:

N_{FO} = the number of tender evaluation points awarded for financial offer.

W_1 = the maximum possible number of tender evaluation points awarded for financial offer as stated in the **tender data**.

A = a number calculated using the relevant formula and option described in Table 1 as stated in the **tender data**.

Table 1: Formulae for calculating the value of A

Formula	Basis for comparison	Formula
1	Highest price or discount	$A = P / P_m$
2	Lowest price or percentage commission / fee	$A = P_m / P$
P_m is the comparative offer of the most favourable comparative offer. P is the comparative offer of the tender offer under consideration.		

F.3.11.8 Scoring preferences

Confirm that tenderer's are eligible for the preferences claimed in accordance with the provisions of the **tender data** and reject all claims for preferences where tenderer's are not eligible for such preferences.

Calculate the total number of tender points for preferences claimed in accordance with the provisions of the **tender data**.

F.3.11.9 Scoring quality

Score each of the criteria and sub criteria for quality in accordance with the provisions of the **tender data**.

Calculate the total number of tender evaluation points for quality using the following formula:

$$N_Q = W_2 \times S_O / M_S$$

**ATTACH COMPANY PROFILE TO THIS PAGE IF ALL THE RELEVANT INFORMATION REQUESTED ON THIS FORM
IS DEALT WITH IN SAID COMPANY PROFILE**

- (a) Based on the track record determined on the Minimum Average Annual Turnover coupled to the assessed Works Capabilities of Contracting Enterprises, the Construction Industry Development Board (CIDB) awards Grading Designations and accordingly registers it on the system.
This confirms that a Contractor has, at the time of registration, in the absence of any supply side interventions, sufficient working capital to commence the Works for a single contract and render due performance.
- (b) However, it regularly occurs that a Contractor will at the same time submit Bids for a number of projects that are advertised during an overlapping period. Moreover, the Contractor may be busy with a Contract that is of the registered CIDB Grading Designation (value) or is even attending to a number of smaller valued Contracts.
- (c) It therefore becomes the prerogative of a Bidder in such instances to prove to the Department that the Enterprise has the capacity in every respect to attend to more than one (1) contract at a time.
- (d) A Bidder who wishes to be considered for this Bid Contract award, over and above other Bids that they have submitted, shall submit when requested by the DoPW the necessary proof that:
- (i) he/she has access to additional finance (inclusive of a PERFORMANCE GUARANTEE BY A REGISTERED FINANCIAL INSTITUTION),
 - (ii) he/she has additional Human Recourses available to successfully complete this project.
 - (iii) he/she has adequate Equipment, Plant and Machinery that all of the above can, undoubtedly, be sourced for this Bid. (Please submit to the DoPW the name and contact details of the supplier if the Bidder is going to hire Equipment, Plant or Machinery, when requested.)

I, the undersigned, _____

(name of person authorized to sign on behalf of the Bidder)

understand that it is the responsibility of the Bidder to prove and provide when requested by the DoPW, evidence of the good Financial Standing of the Business to complete the Contract successfully.

Furthermore, it is understood that failure to provide when requested by DoPW, at least the information as stated in paragraphs (d)(i)(ii) AND (iii) above will not enable the Evaluation Team to assess the CURRENT financial standing of the Business and the failure to provide said information when requested will, therefore, invalidate the Bid.

I accept and understand that the Department of Public Works, as representative of the Provincial Administration of KwaZulu-Natal in this Bid, may act against me and the Bidder, jointly and severally, should this declaration and/or any information provided be found to be false.

TAX CLEARANCE REQUIREMENTS

It is a condition of bid that the taxes of the successful bidder must be in order, or that satisfactory arrangements have been made with South African Revenue Service (SARS) to meet the bidder's tax obligations. It is a condition of this Offer of Commission that your practice remains in good standing with SARS (South African Revenue Services) in terms of its tax clearance, during the project, which is required to process your payment certificates.

In order to meet this requirement bidders are required to apply via e-filing at any SARS branch office nationally. The Tax Compliance Status (TCS) requirements are also applicable to foreign bidders / individuals who wish to submit bids.

SARS will then furnish the bidder with a Tax Compliance Status (TCS) **PIN** that will be valid for a period of 1 (one) year from the date of approval.

In bids where Consortia / Joint Ventures / Sub-contractors are involved, each party must submit a separate Tax Compliance Status (TCS) PIN.

Application for Tax Compliance Status (TCS) PIN can be done via e-filing at any SARS branch office nationally or on the website www.sars.gov.za.

Tax Clearance Certificates may be printed via eFiling. In order to use this provision, taxpayers will need to register with SARS as eFilers through the website www.sars.gov.za.

IMPORTANT NOTICE

The South African Revenue Services (SARS) has phased out the issuing of paper Tax Clearance Certificates.

From 18 April 2016 SARS introduced an enhanced Tax Compliance (TCS) system.

T2.13 CERTIFICATE OF INDEPENDENT BID DETERMINATION - SBD 9

Project title:	DEPATMENT OF TRANSPORT-MTUBA CAMP: SUPPLY AND PLACE OFFICE PARKHOME & GUARDHOUSE AT THE OFFICE		
Bid no:	UM3220U	Project Code:	076141

1. This Standard Bidding Document (SBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a per se prohibition meaning that it cannot be justified under any grounds.
3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a) disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b) cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
4. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
10. b) Cohesive materials:

- i) whose consistency when profiled may in terms of table 1 be classified as very soft, soft, firm, stiff and stiff / very stiff; or

- ii) where the material is a gravel having a maximum particle size of 10mm and contains no cobbles or isolated boulders, no more than 8 blows of a dynamic cone penetrometer is required to penetrate 100mm;

Note:

- 1) A boulder, a cobble and gravel is material with a particle size greater than 200mm, between 60 and 200mm.
- 2) A dynamic cone penetrometer is an instrument used to measure the in-situ shear resistance of a soil comprising a drop weight of approximately 10 kg which falls through a height of 400mm and drives a cone having a maximum diameter of 20mm (cone angle of 60 degrees with respect to the horizontal) into the material being used.

Table 2: Consistency of materials when profiled

GRANULAR MATERIALS		COHESIVE MATERIALS	
CONSISTENCY	DESCRIPTION	CONSISTENCY	DESCRIPTION
Very loose	Crumbles very easily when scraped with a geological pick.	Very soft	Geological pick head can easily be pushed in as far as the shaft of the handle.
Loose	Small resistance to penetration by sharp end of a geological pick.	Soft	Easily dented by thumb; sharp end of a geological pick can be pushed in 30-40 mm; can be moulded by fingers with some pressure.
Medium dense	Considerable resistance to penetration by sharp end of a geological pick.	Firm	Indented by thumb with effort; sharp end of geological pick can be pushed in upto 10 mm; very difficult to mould with
Dense	Very high resistance to penetration by the sharp end of a geological pick; requires many blows for excavation.	stiff	Can be indented by thumb-nail; slight indentation produced by pushing geological pick point into soil; cannot be moulded by fingers.
Very dense	High resistance to repeated blows of a geological pick.	Very stiff	Indented by thumb-nail' with difficulty; slight indentation produced by blow of a geological pick point.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
